

## Press Release: Outstanding Achievements Recognised at APGA Annual Exhibition and Convention 2023

Canberra, Australia — October 24, 2023

The Australian Pipelines and Gas Association (APGA) is pleased to announce the winners of the prestigious awards presented during the Annual Convention held at the Perth Convention and Exhibition Centre from October 14th to October 17th, 2023. The awards ceremony was a highlight of the event, recognising outstanding achievements and contributions in various categories within the pipeline and gas industry.

The APGA Awards aim to honour individuals and organisations that have demonstrated exemplary efforts in promoting innovation, sustainability, safety, and overall excellence in the industry.

The winners for the APGA Awards 2023 are as follows:

1. **The Young Achievement Award:** Winner - Margaret Gayen.
2. **The Outstanding Contribution to the Australian Pipeline Industry Award:** Winner - Susan Jaques.
3. **The Jeff Shepherd Construction Excellence Award:** Winner - Richard Cherney
4. **The APGA Safety Award:** Winner - APA Group for the Macquarie River Emergency Response
5. **The APGA Environment Award:** Winner - MPC Kinetic for the Environmental Achievements on the Ironbridge Pipeline Project
6. **The APGA Diversity and Inclusion Award:** Winner - MPC Kinetic for the Bridge the Gap Program & Reconciliation Working Group (RWG)

These awards celebrate the exceptional efforts and accomplishments of individuals and organisations, encouraging the industry to continually strive for excellence, sustainability, and innovation.

"We extend our heartfelt congratulations to all the award winners for their exceptional contributions to the pipeline and gas industry. These awards are a testament to their dedication, innovation, and commitment to driving the industry forward," said Steve Davies, CEO of APGA.

The APGA Annual Exhibition and Convention serves as a platform for collaboration and progress within the industry, showcasing the latest advancements and fostering partnerships that will shape the future of pipelines and gas in Australia.
